STATEMENT OF OBJECTS AND REASONS

Serious anomalies have crept into the pay-scale of the employees of the Supreme Court of India on account of various judgments and orders passed by the Court in Writ Petitions filed by its employees. These distortions and anomalies in the pay-structure of the staff of Supreme Court are likely to cause serious agitation amongst similarly placed Central Government staff.

2. This might ultimately lead to large-scale distortions in the pay-structure of the Central Government employees with attendant serious consequential financial implications. The Government examined the implications of the emerging distortions in the pay-structures of Court employees and considered it appropriate to enact suitable legislation to rectify the situation as that was the only remedy available to the Government.

3. The Bill seeks to achieve the above object.
